COMPETITION FOR ACADEMY OF SCIENCES PRIZES IN 1949

The Department of Physicomathematical Sciences, Academy of Sciences USSR, has reported that it will conduct a competition for the following prizes in 1949:

1. Prize imeni D. I. Mandel'stam, 20,000 rubles, for the best work in the field of physics, completed in the period 1947-1949. The final date for submission of works in the competition for this prize is 1 October 1949.
2. Prize imeni F. A. Bradikhin, 10,000 rubles, for the outstanding work in the field of astronomy, completed in 1947-1949. The final date for submission of works in the competition is 1 October 1949.
3. Prize imeni N. G. Chebotarev, 10,000 rubles, for the best work in the field of mathematics, completed in 1947-1949. The final date for submission of works in the competition is 1 September 1949.

Papers in competition for the prizes are to be sent to the Department of
Physicomathematical Sciences, Academy of Sciences USSR (Moscow 17, Pyzhevskiy
Per., d.3)

The prizes are to be awarded by Presidium of the Academy of Sciences USSR to soviet citizens, authors' associations, and scientific institutions.

Works in competition for the above-mentioned prizes can be submitted by scientific societies, scientific research institutes, colleges, departments, public organizations and private individuals.

Works in competition for the prizes are to be submitted in Russian, in triplicate, typewritten or printed, with the heading "In Competition for the Prize named". A short biography of the author and a list of his scientific works and inventions should be submitted with each article.

The awarding of prizes will take place early in 1950.

Also the Department of Physicomathematical Sciences reports that it is continuing to accept works in the competition (announced in 1948) for two prizes imeni the great Russian scientist N. I. Lobachevskiy for the best work on geometry (preferably non-Euclidean). The first prize is 25,000 rubles in Soviet or foreign exchange and the second is 15,000 rubles in currency. The paper winning first prize can be in the language of any nationality and citizenship of the author, but the second prize must be awarded to a Soviet author.

Works in competition for the Prizes imeni N. I. Lobachevskiy can be submitted by scientific institutions, societies, colleges, organizations or private individuals.

Works in competition for these prizes must be typewritten manuscripts that have been published in periodical literature in the period 1945-1949. Three copies must be submitted to the Department of Physicomathematical Sciences, Academy of Sciences USSR, with the heading "In Competition for the Prizes imeni N. I. Lobachevskiy."

The final date for entering works in the competition is 23 February 1950.

Presentation of the Prizes imeni N. I. Lobachevskiy by the Presidium of the Academy of Sciences will take place on 21 February 1951.
